12:20 PM **me**: now I'm seeing two black chicks
check and mate, girl with only one black under her belt
Catalina: one more and youll be at my level
me?
12:21 PM **me**: although the first one's one partly black
Catalina: i have 3!
me: and actually, the second one's only half black
Catalina: i am still win
me: 3?
nonsense
Catalina: yes 3
Larry, Nonso, Carl
and Nonso is a real african
me: yes, but you're not dating Carl
and Nonso sounds like he might be from the future or something
12:22 PM **Catalina**: then what am i doing with carl/
?
me: oh, wait
not carl
larry
sorry
switch the names around
Catalina: Chukwunonso Enekwechi is from my past
oh yes
me: lol
Catalina: only 1 now
me: well, if we count the past, I dated a chick from Rwanda a few years back
12:23 PM plus my ancestors owned slaves
Catalina: i am still win!
me: very well
12:25 PM oh, but anywho
couple things
you know about the Texas nonsense?
Catalina: which one?
me: whereby they're taking Jefferson out of the textbooks?
12:26 PM **Catalina**: no
haha

me: because he's insufficiently religious?
Catalina: hilarious
why?
i hate jefferson anyway
me: the conservatives did it two weeks ago
oh, right
Catalina: fucking slut
im all for it
me: lol slut
anyway
Catalina: they should take obama out too while they are at it
me: so Ellen Johnson, the hot-for-her-age president of the PAC I work for
12:27 PM Enlighten the Vote
Catalina: the present does not exist
yes...
me: you'd date OBama if you had the chance, don't lie
I know your tastes
anyway
Catalina: you dont know nuthin
im moving back to texas
and becoming white
me: I had run some idea by her regarding sending out a press release criticizing the move
you're already white
Catalina: whatever
12:28 PM continue
me: she wrote me back this
Do you know what would be better than all that? It would be to get Atheists on that Texas Board of Education. EnlightenTheVote.com is supposed to do that very thing. Everything else is a waste of time. You have to take over the school board. THAT is the answer.
which is a tall order
Catalina: take over the school board?
what?
me: so, I'm going to try to recruit candidates
yeah, she's insane
12:29 PM **Catalina**: youve got me on board
although im all for the idea
me: but what I can do is run protest candidates simply to raise awareness, etc
Catalina: so i might be a spy
me: but check this out, my honkey friend
ol' Caleb's the producer at that NBC affiliate

he says if I make that move, he can probably get it covered at that affiliate
12:30 PM so it's been a month and we're already doing super SEKRIT MEDIA CONSPIRACIES
which makes me happy
also
I designed a personal esoteric secret logo
because Skeptic Inquirer wanted me to have a logo for my column for them
it's awesome
Catalina: cool
12:31 PM **me**: and
Catalina: you guys are wild
bedlam!
me: yesterday I had a meeting with editor of New York Observer
Catalina: margarita madness!
me: lol margarita madness
THAT IS FUNNY
anywho
they want me to do a bunch of articles attacking various pundits
and they pay ridiculous amounts
like, more than Vanity Fair
12:32 PM it's that pink newspaper that wealthy Manhattanites read
so, basically, my financial problems are over forever
and
when I attack someone in the Observer, the person I attack will definitely know about it
so now I can definitely hurt people
12:33 PM and cause them personal distress
I am a simple man with simple pleasures
12:34 PM **Catalina**: wow
sounds awesome
skag!
lets celebate
well have a dance party
me: I just bought another bundle
dance party
Catalina: but only we're invited
me: no one else would come anyway
Catalina: and the only song to be played is pop the glock
me: goes without saying
12:35 PM **Catalina**: how the fuck do i log off facebook?
12:36 PM **me**: should be a thing on top right to click that says log off or some such
Catalina: it wasnt there

me: hey, remember
Catalina: i had to click on "account"
and the "logout"
me: if you think of any topics for my skeptic column
Catalina: remember what?
i gotta go soon
me: let me know, and I will reward you with cash money
word, take it SLEAZY
Catalina: im at Carls place and it sounds like hes getting off the phone soon
me: instead of easy
12:37 PM lol k

Catalina: oh yes
